INDEPENDENT AUDITOR'S REPORT

To the Members of IRM Energy Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the financial statements of **IRM Energy Limited** ("the Company"), which comprise the balance sheet as at 31st March 2022, the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report and Other Relevant Information contained therein, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the Standalone Financial Statements.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, the Cash Flow Statement and statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with Indian Accounting Standards specified under section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the other matters to be included in the Auditors' Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its Directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has no pending litigations on its financial position in its financial statements.
 - ii. The Company has made provision as required under the applicable law or accounting standards, on material foreseeable losses, if any on long term derivative contract;
 - iii. There are no amounts which are required to be transferred Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of it's knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

(b) The management has represented that, to the best of its knowledge and belief, no funds have been received by the company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

(c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations given under (a) and (b) above, contain any material mis-statement.

v. The final dividend paid by the company during the year in respect of the same declared for the previous year is in accordance with section 123 of the act to the extent it applies to payment of dividend.

"Annexure – A" referred to in the Independent Auditors' Report of even date to the members of IRM Energy Limited on the Standalone Financial Statements for the year ended March 31, 2022

Based on the audit procedures performed for the purpose of reporting a true and fair view on the Standalone financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

1. (a) i) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

ii) The Company has maintained proper records showing full particular of intangible assets.
- (b) Some of the fixed assets were physically verified during the year by the management in accordance with programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed under property, plant and equipment in the financial statements, the lease agreements are duly executed in the name of the Company, where the Company is lessee in the agreement.
- (d) According to the information and explanations given to us and the records examined by us and based on the examination, the company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- (e) According to the information and explanations given to us and the records examined by us and based on the examination, no proceedings have been initiated during the year or are pending against the Company as at 31st March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
2. (a) The inventories have been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable and coverage and procedure for such verification is appropriate, having regard to the size of the Company and nature of its business. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

- (b) As Disclosed in note 14 to the standalone financial statements, the company has been sanctioned with working capital limit in excess of five crore in aggregate from bank during the year on the basis of security of current assets of the company. The quarterly statements filed by the company are materially in agreement with the books of account of the Company, except detailed as hereunder:

(Amt in Million)

| Quarter Ended | Particular | Value as per Books of Account | Value as per quarterly statement | Amount of Difference | Reason for Discrepancy |
|----------------|------------------|-------------------------------|----------------------------------|----------------------|--|
| September 2021 | Inventory | 15.07 | 15.07 | - | - Difference is on account of accounting entry passed subsequently to filling of stock statement |
| | Trade Receivable | 162.33 | 166.99 | (4.66) | |
| | Trade Payable | 90.73 | 76.19 | 14.55 | |
| | Net Difference | | | 9.98 | |
| December 2021 | Inventory | 15.08 | 14.92 | 0.16 | - Subsequent to year end, Company has submitted the revised statement with the banks and revised balances are in agreement with the books of accounts. |
| | Trade Receivable | 219.65 | 220.03 | (0.38) | |
| | Trade Payable | 141.98 | 126.71 | 15.28 | |
| | Net Difference | | | 15.06 | |

3. (a) During the year the company has made investments and also provided loans or advances in the nature of loans and also provided guarantee to companies, firms, Limited Liability Partnerships and other parties details are as follows:

(Amount in Million)

| Particular | Loans | Guarantees |
|--|-------|------------|
| A. Aggregate amount granted/provided during the year | | |
| - Joint Venture | 74.90 | - |
| - Other | | |
| B. Balance outstanding as at balance sheet date | | |
| - Joint Venture | 74.90 | 507 |
| - Other | | |

- (b) According to the information and explanations given to us, the terms and conditions of the grant of the above-mentioned loan are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) According to the information and explanations given to us, schedule of repayment of principal has been stipulated and repayment of principal is not yet due.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

- (d) According to the information and explanations given to us and on the basis of our examination of books of accounts, there is no overdue loans for more than 90 days at the balance sheet date.
- (e) According to the information and explanation given to us, none of the loans or advances in the nature of loans granted by the Company have fallen due during the year.
- (f) According to the information and explanation given to us, company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment to Promoters and related parties as defined in clause (76) of section 2 of the Companies Act, 2013.
4. According to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act, in respect of grant of loans, making investments and providing guarantees and securities.
5. The Company has not accepted any deposits from the Public within the meaning of the provisions of section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder, to the extent applicable, accordingly, the requirement to report on clause 3(v) of the order is not applicable to the company.
6. We have broadly reviewed the books of account maintained by the Company, pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
7. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the company has been generally regular in depositing undisputed statutory dues including Goods and Services Tax, Provident Fund, Employees' State Insurance, Income-tax, Sales-tax, Service tax, Custom duty, Excise duty, Value added Tax, Cess and any other material statutory dues during the year with the appropriate authorities. Moreover, as at March 31, 2022, there are no such undisputed dues payable for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no such dues as at March 31, 2022 which have not been deposited/paid on account of any dispute.
8. The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
9. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the Company has not defaulted in repayment of loans or borrowings from any financial institution, banks, government or due to debenture holders during the year.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

- (b) According to the information and explanations given to us and on the basis of our examination of the books of account, the company is not declared as willful defaulter by any bank of financial institution or other lenders.
- (c) According to the information and explanation given to us, term loans are applied for the purpose for which the loans are obtained.
- (d) According to the information and explanations given to us and on the basis of our examination of the books of account, we report that the funds raised on short term basis have not been utilized for the long-term purpose
- (e) According to the information and explanations given to us and on the basis of our examination of the books of account, the company has not taken any funds from any entity or person on account of or to meet the obligations of its associates or joint ventures.
- (f) According to the information and explanations given to us and on the basis of our examination of the books of account, company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
10. (a) The Company has not raised any money during the year by way of initial public offer / further public offer (including debt instruments) hence, the requirement to report on clause 3(x)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
11. (a) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.
12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standard.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

14. (a) According to information and explanations give to us and based on our examination of the records of the Company, we are of the opinion that the Company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered the internal audit reports of the company issued till date, for the period under audit.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
16. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934. Hence, reporting under clause (xvi)(a), (b), (c) and (d) of the Order is not applicable.
17. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not incurred cash losses in the current financial year and in the immediately preceding financial year;
18. There has been no resignation of the statutory auditors of the Company during the year, Accordingly, reporting under clause (xviii) of the Order is not applicable for the year.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

20. The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there are no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

"Annexure B" to the Auditors' Report – March 31, 2022

Report on the Internal Financial Control clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the act")

We have audited the internal financial controls over financial reporting of **IRM Energy Limited** ("the company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management Responsibility for Internal Financial Controls

The company's management is responsible for establishing and maintaining internal financial control based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India [ICAI]. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the act.

Auditors' Responsibility

As per Section 143(3)(i) our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

MUKESH M. SHAH & CO.

CHARTERED ACCOUNTANTS

A company's internal financial control over financial reporting includes those policies and procedures that:

1. Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material on the financial statements.

Inherent limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected, also, projections any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

IRM ENERGY LIMITED

Notes to the Separate Financial Statements

1. Company Information

IRM Energy Limited (formerly known as IRM Energy Private Limited) was incorporated on 01st December, 2015 with the object, inter alia of undertaking or carry out the business of storage, supply, distribution & sale of natural gas & business relating to or incidental to the laying, operating, maintaining & expanding of the City Gas Distribution Networks. The Company was converted into Public Company effective 23rd March, 2022. The Company is currently supplying natural gas in Banaskantha District in the State of Gujarat, Fatehgarh Sahib District in the State of Punjab and at Diu and Gir Somnath Districts in the State of Gujarat as per the authorisation granted by Petroleum & Natural Gas Regulatory Board (PNGRB).

The Company was awarded the authorisation for City Gas Distribution in the geographical areas of Namakkal and Tiruchirappalli Districts in the State of Tamil Nadu in March, 2022.

The separate financial statements are presented in Indian Rupee (INR) which is also Functional Currency of the Company. The financial statements were authorised for issue by the Board of Directors on 19th May, 2022.

2. Basis of Preparation & Measurement

The separate financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time. The significant accounting policies that are used in the preparation of these financial statements are summarised below:

2.1 Historical cost convention

The financial statements have been prepared on a historical cost convention & on an accrual basis, except for certain items that are measured at fair value as required by relevant Ind AS:

- Financial assets & financial liabilities measured initially at fair value (refer accounting policy on financial instruments);
- Defined benefit & other long-term employee benefits.

2.2 Current vs Non-Current Classification

The Company presents assets & liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is treated as current when:

↓

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets & liabilities are classified as non-current assets & liabilities.

The operating cycle is the time between the acquisition of assets for processing & their realisation in cash & cash equivalents.

2.3 Use of estimates

The preparation of financial statements in conformity with Ind AS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or area where assumptions & estimates are significant to these financial statements are disclosed below.

The preparation of Financial Statements in conformity with the Accounting Standards generally accepted in India requires, the management to make estimates & assumptions that affect the reported amounts of assets & liabilities & disclosure of contingent liabilities as the date of the financial statements & reported amounts of revenues & expenses for the year. Actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in current & future periods.

When preparing the financial statements, management undertakes a number of judgments', estimates & assumptions about the recognition & measurement of assets, liabilities, income & expenses. In the process of applying the Company's accounting policies, the following judgments have been made apart from those involving estimations, which have the most significant effect on the amounts recognised in the financial information. Judgements are based on the information available at the date of balance sheet.

- (i) Income Taxes: Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.
- (ii) Property, plant & equipment: Property, plant & equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life & the expected residual value at the end of its life. Management reviews the residual values, useful lives & methods of depreciation of property, plant & equipment at each reporting period end & any revision to these is recognised prospectively in current & future periods. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.
- (iii) Employee Benefits: Significant judgments are involved in making judgments about the life expectancy, discounting rate, salary increase, etc. Which significantly affect the working of the present value of future liabilities on account of employee benefits by way of defined benefit plans.
- (iv) Impairment of assets & investments: Significant judgment is involved in determining the estimated future cash flows from the investments, Property, Plant & Equipment & Goodwill to determine its value in use to assess

whether there is any impairment in its carrying amount as reflected in the financials.

- (v) Deferred Tax: Deferred tax asset is recognised for all the deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. The management assumes that taxable profits will be available while recognising deferred tax assets.
- (vi) Recognition & measurement of unbilled gas sales revenues: In case of customers where meter reading dates for billing is not matching with reporting date, the gas sales between last meter reading date & reporting date has been accrued by the company based on past average sales. The actual sales revenue may vary compared to accrued unbilled revenue so included in Sale of natural gas & classified under current financial assets.
- (vii) Recognition & measurement of other provisions: The recognition & measurement of other provisions are based on the assessment of the probability of an outflow of resources & on past experience & circumstances known at the balance sheet date. The actual outflow of resources at a future date may therefore vary from the figure so provided & included as liability.
- (viii) Leases: The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option.

In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease.

The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate.

2.4 Property, Plant & Equipment

- (i) Property, Plant and Equipment are stated at cost of acquisition / construction less accumulated depreciation.

The Company capitalises to project assets all the cost directly attributable & ascertainable, to completing the project (including pre-operative expenses). These costs include expenditure of pipelining, plant & machinery, cost of laying of pipeline, cost of survey, commissioning & testing charge, detailed engineering & interest on borrowings attributable to acquisition of such assets. The gas distribution networks are treated as commissioned when supply of gas commences to the customer(s).

Subsequent expenditure related to an item of property, plant and Equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance. All

other expenses incurred towards normal repairs and maintenance of the existing property, plant and Equipment (including cost of replacing parts) are charged to profit and loss for the period during which such expenses are incurred.

Interest on borrowings attributable to the acquisition / construction of Property, Plant and Equipment for the period of construction is added to the cost of Property, Plant and Equipment.

Assets installed at customer premises, including meters & regulators where applicable, are recognised as property plant & equipment if they meet the definition provided under Ind AS 16 subject to materiality as determined by the management & followed consistently.

- (ii) Capital Work in Progress includes expenditure incurred on assets, which are yet to be commissioned & capital inventory, which comprises stock of capital items/construction materials at respective city gas network.

All the directly identifiable & ascertainable expenditure, incidental & related to construction incurred during the period of construction on a project, till it is commissioned, is kept as Capital work in progress (CWIP) & after commissioning the same is transferred / allocated to the respective "Property, Plant and Equipment".

Further, advances paid towards the acquisition of property, plant & equipment outstanding at each balance sheet date are classified as capital advances under other non-current assets.

- (iii) Depreciation is provided as follow:

- Property, Plant and Equipment is depreciated over the permissible useful life specified in Schedule II pursuant to section 123(2) of the Companies Act, 2013 as per 'Straight line method'.

The estimated Useful life of Asset is below

| Name of Asset | Useful life |
|--|-------------|
| Building | 25 Years |
| Computer and Laptops | 3 Years |
| Plant and Machinery- Pipelines and Last Mile Connectivity | 25 Years |
| Plant and Machinery- CNG Stations Equipments and Installations | 15 Years |
| Furniture and Fixtures | 10 Years |
| Office Equipment | 5 Years |
| Vehicles | 5 Years |
| Software | 5 Years |

Useful life of the Right of Way (ROW) charges is considered as the period for which such charges are paid. In cases where the tenor of payment is not specified by the authorities, the useful life of such ROW charges is considered as 10 years.

- The management believes that these useful lives are realistic & reflect fair approximation of the period over which the assets are likely to be used. The useful lives are reviewed by the management at each financial year end & revised, if appropriate. In case of a revision, the unamortised depreciable amount (remaining net value of assets) is charged over the revised remaining useful life.

11

- o For the purpose of calculating the depreciation, residual value for Tangible assets has been considered as 5% of the value of asset concerned.
- Depreciation on items of property, plant & equipment acquired / disposed-off during the year is provided on pro-rata basis with reference to the date of addition / disposal.
- Depreciation on additions to Property, Plant and Equipment made during the period having cost of Rs. 5000 or less is provided @ 100% on pro rata basis with reference to the date of addition.
- Gains & losses on disposals are determined by comparing proceeds with carrying amount. These are included in the statement of profit & loss under Other Expenses/Income.

(iv) Intangible Assets:

Intangible Assets includes amount paid towards obtaining Right of Way (ROW) permissions for laying the gas pipeline network & cost of developing software for internal use. The Company capitalises software as Intangible Asset where it is expected to provide future enduring economic benefits. Cost associated with maintaining software programmes are recognised as expenses as & when incurred.

Any item of intangible assets is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the intangible asset (calculated as the difference between the net disposal proceeds & the carrying amount of the intangible asset) is charged to revenue in the income statement when the intangible asset is derecognised.

2.5 Foreign currency transactions

Foreign currency transactions are recorded at the exchange rates prevailing at the date of such transactions. Monetary assets & liabilities as at the Balance Sheet date are translated at the rates of exchange prevailing at the date of the Balance Sheet. Gain/Loss arising on account of differences in foreign exchange rates on settlement/translation of monetary assets & liabilities are recognised in the Statement of Profit & Loss, unless they are considered as an adjustment to borrowing costs, in which case they are capitalised along with the borrowing cost.

2.6 Revenue recognition

- (i) Revenue is measured at fair value of the consideration received or receivable. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company & no significant uncertainty exists regarding the amount of consideration that will be derived from the sale of goods /services & regarding its collection. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction & the specifics of each arrangement.

Sale of Natural Gas is recognized on supply of gas to customers by metered/assessed measurements as no significant uncertainty exists regarding the measurability or collectability of the sale consideration. Sales are billed bi-monthly for domestic customers, monthly/fortnightly for commercial & non-commercial customers & fortnightly for industrial customers as the timing of the transfer of risks & rewards varies depending on the individual terms of the sales agreement. Revenue on sale of Compressed

Natural Gas (CNG) is recognized on sale of gas to consumers from retail outlets.

The amount recognised as revenue is stated inclusive of excise duty & exclusive of Sales Tax /Value Added Tax (VAT) & Goods & Service Tax & is net of trade discounts or quantity discounts.

Unbilled revenue is recognised from the end of the last billing cycle to the Balance Sheet date since the related supply of natural gas are performed

The amounts collected towards connection charges from certain domestic customers are "Non-Refundable Charges". Accordingly, the same are recognized as revenue as an when the Company receives the amount from such customers.

The amounts collected from certain domestic customers which includes amount "refundable" in nature. Accordingly, the same are recognized as a liability under the head "Deposit from Customers" in the balance sheet.

- (ii) Interest income is recognised on time proportionate method (on accrual basis).
- (iii) Revenue in respect of other income is recognised when no significant uncertainty as to its determination or realisation exists.

2.7 Borrowing Costs

- (i) The Company is capitalising borrowing costs that are directly attributable to the acquisition or construction of qualifying asset up to the date of commissioning. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.
- (ii) Other borrowing costs are recognised as an expense in the year in which they are incurred, if any.

2.8 Impairment of Property, Plant & Equipment & Intangible Assets

The Company, at each balance sheet date, assesses whether there is any indication of impairment of any asset &/ or cash generating unit. If such indication exists, assets are impaired by comparing carrying amount of each asset &/ or cash generating unit to the recoverable amount being higher of the net selling price or value in use. Value in use is determined from the present value of the estimated future cash flows from the continuing use of the assets.

2.9 Inventories

Inventory of Gas (including gas inventory in pipeline & CNG cascades) is valued at lower of cost & net realizable value. Cost is determined on weighted average cost method.

Stores, spares & consumables and other inventory items (viz. CNG Kits, etc) are valued at lower of cost & net realizable value. Cost is determined on moving weighted average basis.

2.10 Accounting for Income Taxes

Income tax expenses comprises current tax (i.e. amount of tax for the period determined in accordance with the Income Tax Law) & deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income & taxable income for the period). Income tax expenses are recognised in statement of profit or loss except tax expenses related to items recognised directly in reserves (including statement of other comprehensive income) which are recognised with the underlying

items.

- (i) The Income Tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets & liabilities attributable to temporary differences & to unused tax losses.

The Current Income Tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period i.e. as per the provisions of the Income Tax Act, 1961, as amended from time to time. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Advance Taxes & provisions for current income taxes are presented in the balance sheet after off-setting advance tax paid & income tax provision arising in the same tax jurisdiction for relevant tax paying units & where the Company is able to & intends to settle the asset & liability on a net basis.

- (ii) Deferred Tax is provided in full on temporary difference arising between the tax bases of the assets & liabilities & their carrying amounts in financial statements at the reporting date. Deferred tax are recognised in respect of deductible temporary differences being the difference between taxable income & accounting income that originate in one period & are capable of reversal in one or more subsequent periods., the carry forward of unused tax losses & the carry forward of unused tax credits.

Deferred Income Tax is determined using tax rates (& laws) that have been enacted or substantially enacted by the end of the reporting period & are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred Tax Assets are recognised for all deductible temporary differences & unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences & losses.

Deferred Tax Assets & Liabilities are offset when there is a legally enforceable right to offset current tax assets & liabilities & when the deferred tax balances relate to the same taxation authority. Current tax assets & tax liabilities are offset where the Company has a legally enforceable right to offset & intends either to settle on a net basis, or to realise the asset & settle the liability simultaneously.

Current & Deferred Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Any tax credit available including Minimum Alternative Tax (MAT) under the provision of the Income Tax Act, 1961 is recognised as deferred tax to the extent that it is probable that future taxable profit will be available against which the unused tax credits can be utilised. The said asset is created by way of credit to the statement of profit & loss & shown under the head deferred tax asset.

The carrying amount of deferred tax assets is reviewed at each reporting date & reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date & are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

A

2.11 Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a initial application date i.e. 1 April 2019. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of initial application of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on actual payment basis as and when incurred.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized that is equal to lease liabilities on the initial application date, that is arrived based on incremental borrowing rate on the initial application date. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the initial application date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments on the date of initial application. The lease payments are discounted using the incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease. For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

2.12 Employee Benefits

Liabilities for wages & salaries, including leave encashment that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting & are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(i) Defined Contribution Plan:

Contribution towards provident fund for eligible employees are accrued in accordance with applicable statutes & deposited with the regulatory provident fund authorities (Government administered provident fund scheme). The Group does not carry any other obligation apart from the monthly contribution.

The Company's contribution is recognised as an expense in the Statement of Profit & Loss during the period in which the employee renders the related service.

(ii) Defined Benefit Plan:

Gratuity liability is a defined benefit obligation and is computed at the end of each financial year on the basis of an actuarial valuation by an actuary appointed for the purpose as per projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds.

The Liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit plan obligation at the end of the reporting period less the fair value of the plan assets. The Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent Actuary, at each balance sheet date using the projected unit credit method. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to the market yields at the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discounting rate to the net balance of the defined benefit obligation & the fair value of plan assets. Such costs are included in employee benefit expenses in the statement of Profit & Loss. Re-measurements gains or losses arising from experience adjustments & changes in actuarial assumptions are recognised immediately in the period in which they occur directly in "other comprehensive income" & are included in retained earnings in the statement of changes in equity & in the balance sheet. Re-measurements are not reclassified to profit or loss in subsequent periods.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit & loss:

- Service costs comprising current service costs, past-service costs, gains & losses on curtailments & non-routine settlements;
- Net interest expense or income.

(iii) Long Term Employee Benefits:

The liability in respect of accrued leave benefits which are expected to be availed or encashed beyond 12 months from the end of the year, is treated as long term employee benefits.

[Handwritten mark]

The Company's liability is actuarially determined by qualified actuary at balance sheet date by using the Projected Unit Credit method.

Actuarial losses/ gains are recognized in the Statement of Other Comprehensive Income in the year in which they arise.

2.13 Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company operates in a single segment of natural gas business and relevant disclosure requirements as per Ind AS 108 "Operating Segments" have been disclosed by the Company under note no 38.

2.14 Provisions, Contingent Liabilities & Contingent Assets

Provision is recognised when the Company has a present obligation as a result of past events & it is probable that the outflow of resources will be required to settle the obligation & in respect of which reliable estimates can be made. A disclosure for contingent liability is made when there is a possible obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/ disclosure is made. Contingent assets are not recognised in the financial statement.

Provisions & contingencies are reviewed at each balance sheet date & adjusted to reflect the correct management estimates.

2.15 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or accruals of past or future operating cash receipts or payments & item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing & financing activities of the Company are segregated.

2.16 Events occurring after the Reporting Date

Adjusting events (that provides evidence of condition that existed at the balance sheet date) occurring after the balance sheet date are recognized in the financial statements. Material non adjusting events (that are inductive of conditions that arose subsequent to the balance sheet date) occurring after the balance sheet date that represents material change & commitment affecting the financial position are disclosed in the Directors' Report.

2.17 Exceptional Items

Certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expense is classified as an exceptional item & accordingly, disclosed in the notes accompanying to the financial statements.

2.18 Dividends

Final Dividend on shares is recorded as liability on the date of approval of the same by Shareholders & interim dividend are recorded as liability on the date on declaration by Company's board of Directors.

2.19 Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss [excluding other comprehensive income] for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events

such as bonus issue, bonus element in a right issue, shares split & reserve share splits [consolidation of shares] that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss [excluding other comprehensive income] for the year attributable to equity shareholders & the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

2.20 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign exchange forward contracts, cross currency interest rate swaps, interest rate swaps, currency options and embedded derivatives in the host contract.

a. Financial Assets

Initial recognition and measurement

All financial assets are recognized initially at fair value (plus transaction costs attributable to the acquisition of the financial assets, in the case of financial assets are not recorded at fair value through profit or loss).

i. Classifications

The company classifies its financial assets as subsequently measured at either amortized cost or fair value depending on the company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

ii. Business model assessment

The company assesses the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed, and information is provided to management.

Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a period, for other basic lending risks, costs (e.g. liquidity risk and administrative costs), and profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition.

Financial Assets at amortised cost

A financial asset is measured at amortised cost only if both of the following conditions are met:

- It is held within a business model whose objective is to hold assets to collect contractual cash flows.
- the contractual terms of the financial asset represents contractual cash flows that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Financial Assets at Fair Value through Other Comprehensive Income (FVOCI)

A financial asset is measured at amortized cost only if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

On initial recognition, the Company makes an irrevocable election on an instrument-by-instrument basis to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments, other than equity investment which are held for trading. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. The cumulative gain or loss is not reclassified to profit or loss on disposal of the investments.

Financial Assets at Fair Value through Profit and Loss (FVTPL)

Investments in equity instruments are classified as at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Other financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of the profit and loss.

Investment in Subsidiaries, Jointly Controlled Entities and Associates

Investment in subsidiaries, jointly controlled entities and associates are measured at cost less impairment as per the Ind AS 27 -Separate Financial Statements.

Impairment of investments

The Company reviews its carrying value of investments carried at cost or amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

iii. Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company

has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognize the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in the OCI is recognised in profit or loss.

Impairment of financial assets

The Company assesses the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments on a forward-looking basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

With regard to trade receivable, the Company applies the simplified approach as permitted by the Ind AS 109, Financial Instruments, which requires expected lifetime losses to be recognised from the initial recognition of the trade receivables.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial assets has increased significantly since initial recognition.

b. Financial Liabilities

i. Initial recognition and measurement

Financial liabilities are classified at initial recognition as financial liabilities at fair value through profit or loss or amortised cost, as appropriate.

All financial liabilities are recognised initially at fair value and in the case of amortised cost, net of directly attributable transaction costs.

ii. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial Liabilities measured at amortised cost

After the initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses

are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in the Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ losses are not subsequently transferred to the P&L. However, the Company may transfer the cumulative gain or loss within equity. All the other changes in fair value of such liability are recognised in the statement of profit or loss.

iii. Derecognition of financial liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

c. Modifications of financial assets and financial liabilities

Financial assets

If the terms of a financial asset are modified, the company evaluates whether the cash flows of the modified asset are substantially different. If the cash flows are substantially different, then the contractual rights to cash flows from the original financial asset are deemed to have expired. In this case, the original financial asset is derecognised and a new financial asset is recognised at fair value.

If the cash flows of the modified asset carried at amortised cost are not substantially different, then the modification does not result in derecognition of the financial asset. In this case, the company recalculates the gross carrying amount of the financial asset and recognises the amount arising from adjusting the gross carrying amount as a modification gain or loss in profit or loss. If such a modification is carried out because of financial difficulties of the borrower, then the gain or loss is presented together with impairment losses. In other cases, it is presented as interest income. The gain / loss is recognised in other equity in case of transaction with shareholders.

Financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method. The company derecognises a financial liability when its terms are modified, and the cash flows of the modified liability are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of

the financial liability extinguished and the new financial liability with modified terms is recognised in profit or loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

The Company has computed the Equity component of the Preference Shares considering the terms of the RPS to be non-cumulative and further modified the estimates of future cash flows.

2.21 Fair Value Measurements

These financial statements are prepared under the historical cost convention, except certain financial assets & liabilities measured at fair value (refer accounting policy on financial instruments) as per relevant applicable Ind AS.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest & best use or by selling it to another market participant that would use the asset in its highest & best use.

The Company uses valuation techniques that are appropriate in the circumstances & for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs & minimising the use of unobservable inputs. All assets & liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets & liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Note 3.4 Leases

Company as a lessee

Operating Lease

On transition, the lease liability is initially measured at amortized cost at the present value of the future lease payments on the date of initial application. Right to use assets are initially recognized that is equal to lease liabilities on the initial application date. Accordingly, a right-of-use asset of Rs. 65.75 million and a corresponding lease liability of Rs. 65.75 million has been recognized. The principal portion of the lease payments have been disclosed under cash flow from financing activities. The lease payments for operating leases as per Ind AS 17 Leases, were earlier reported under cash flow from operating activities. The weighted average incremental borrowing rate of 9.25% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

Finance Lease

The Company has leases that were classified as finance leases applying Ind AS 17. For such leases, the carrying amount of the right-of-use asset at the date of initial application of Ind AS 116 is the carrying amount of the lease asset on the transition date as measured applying Ind AS 17.

The details of the right-of-use asset held by the Company is as follows:

| Particulars | Gross Block | | | Depreciation and Amortization | | | Net Block as of 31.03.2022 | |
|-------------------------|----------------------------------|--------------|---------------------------------|----------------------------------|----------------------------------|-------------|----------------------------|---------------------------------|
| | Opening Balance as of 01.04.2021 | Addition | Disposal/ Adjustments/ Transfer | Closing Balance as of 31.03.2022 | Opening Balance as of 01.04.2021 | Addition | | Disposal/ Adjustments/ Transfer |
| Right to Use | 60.86 | - | - | 60.86 | 10.78 | 5.47 | - | 16.24 |
| - for Land | - | 36.68 | - | 36.68 | - | 0.61 | - | 0.61 |
| - for Plant & Machinery | 27.23 | 29.07 | - | 56.31 | 5.85 | 1.71 | - | 7.55 |
| Grand Total | 88.09 | 65.75 | - | 153.84 | 16.62 | 7.78 | - | 24.41 |

Interest on lease liabilities is Rs. 6.99 million for the year ended March 31, 2022 (Previous year: Rs. 4.60 million).

29. Financial risk management:

The Companies activities expose it to credit risk, liquidity risk & market risk. This note explains the sources of risk which the entity is exposed to & how the entity manages the risk & the related impact in the financial statements. The Companies risk management is done in close co-ordination with the board of directors & focuses on actively securing the Companies short, medium & long-term cash flows by minimizing the exposure to volatile financial markets. Long-term financial investments are managed to generate lasting returns. The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options. The most significant financial risks to which the Company is exposed are described below:

(i) Credit risk:

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. The Company is exposed to credit risk from trade receivables, bank deposits & other financial assets.

Bank deposits are placed with reputed banks / financial institutions. Hence, there is no significant credit risk on such fixed deposits.

The Company periodically assesses the financial reliability of the counter party, taking into account the financial condition, current economic trends, & analysis of historical bad debts & ageing of accounts receivable. Individual limits are set accordingly.

The Company trades with recognized & credit worthy third parties. It is the Companies policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, trade receivable balances are monitored on an on-going basis with the result that the Companies exposure to bad debts is not significant.

An impairment analysis is performed at each reporting date on an individual basis for major clients. In addition, a large number of minor receivables are grouped into homogenous groups & assessed for impairment collectively. The calculation is based on exchange losses historical data. Also, the Company does not enter into sales transaction with customers having credit loss history.

There are no significant credit risks with related parties of the Company. Adequate expected credit losses are recognized as per the assessments.

(ii) Liquidity risk:

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at a reasonable price. For the Company, liquidity risk arises from obligations on account of financial liabilities – borrowings, trade payables & other financial liabilities.

The Company's principle sources of liquidity are cash & cash equivalents & the cash flow that is generated from operations. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived. The Company closely monitors its liquidity position & maintains adequate source of funding.

(iii) Maturities of financial liabilities:

The tables below analyse the Companies financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

(All amounts are in Million Indian Rupees)

| TOTAL | 442.82 | 70.82 | 404.22 | 1,156.79 |
| GRAND TOTAL | 2074.65 | | | |

(iv) Market risk:

Market risk is the risk that changes in market prices— such as foreign exchange rates, interest rates & equity prices— will affect the Companies income or the value of its holdings of financial instruments.

(v) Foreign exchange risk:

The Company is not directly exposed to foreign exchange risk as no direct foreign currency transactions are entered into.

(vi) Interest Rate Risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Companies exposure to the risk of changes in market interest rates relates primarily to the Companies long-term debt obligations with floating interest rates.

The Companies investments in fixed deposits are at fixed interest rates.

41

The exposure of the Companies borrowing to interest rate changes at the end of the reporting period are as follows:

(All amounts are in Million Indian Rupees)

| Particulars | | As at 31 st March, 2022 | As at 31 st March, 2021 |
|---------------------------|---------------|------------------------------------|------------------------------------|

| Scenario-1 | (+) 0.50% | 9.21 | 7.33 |
| Scenario-2 | (-) 0.50% | (9.21) | (7.33) |

30. Capital Management:

The company objectives when managing capital are to safeguard their ability to continue as a going concern so that they can continue to provide returns for shareholders & benefits for other stakeholders, & maintain an optimal structure to reduce the cost of capital.

Net Debt = Total term loan borrowings less cash & cash equivalents-including current investments

Total 'equity' means share capital issued (Equity Shares & Preference Shares) & accumulated reserves.

(All amounts are in Million Indian Rupees)

| Particulars | As at 31 st March, 2022 | As at 31 st March, 2021 |
|--|------------------------------------|------------------------------------|
| Total borrowings (including Liability component of Redeemable Preference Shares) | 2,025.91 | 1,633.51 |
| Less: cash & cash equivalents & Balance with Banks | 1,266.10 | 457.13 |
| Net debt | 759.82 | 1,176.38 |
| Total equity | 2,295.17 | 1,178.68 |
| Net Debt to Equity Ratio | 0.33 | 1.00 |

Loan Covenants:

Under the terms of the major borrowing facilities, the Company is required to comply any 2 of the following financial covenants failing which penal interest as prescribed in the facility agreement shall apply. The Financial Covenants shall be tested at the end of each Fiscal Year based on the certification of the Auditor.

11

- a) Gross DSCR- 1.10
b) Interest Coverage ratio- 1.25
c) FACR = (Net Property, Plant and Equipment/ Loan Outstanding)- 1.25

The first testing of financial covenants will be done for the first full operational year post the commencement of commercial operations of the Project, i.e. based on audited financials for Fiscal Year ending March 31, 2023.

31. Employee Benefits:

(i) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as Salaries, incentives & allowances, short terms compensated absences, etc., & the expected cost of bonus, ex-gratia are recognised in the year in which the employee renders the related service.

(ii) Long term employee benefits

(a) Gratuity (Unfunded):

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. The gratuity plan is an unfunded plan.

| Projected Benefits Payable in Future Years From the Date of Reporting | | |
| 1st Following Year | 0.17 | 0.04 |
| 2nd Following Year | 0.21 | 0.06 |
| 3rd Following Year | 0.26 | 0.07 |
| 4th Following Year | 0.30 | 0.09 |
| 5th Following Year | 0.32 | 0.10 |
| Sum of Years 6 To 10 | 1.66 | 0.61 |
| Sum of Years 11 & above | 13.83 | 15.94 |
| Sensitivity Analysis: | | |
| Projected Benefit Obligation on Current Assumptions | 5.25 | 3.85 |
| Delta Effect of +1% Change in Rate of Discounting | (0.60) | (0.62) |
| Delta Effect of -1% Change in Rate of Discounting | 0.73 | 0.79 |
| Delta Effect of +1% Change in Rate of Salary Increase | 0.65 | 0.75 |
| Delta Effect of -1% Change in Rate of Salary Increase | (0.58) | (0.63) |
| Delta Effect of +1% Change in Rate of Employee Turnover | (0.02) | (0.05) |
| Delta Effect of -1% Change in Rate of Employee Turnover | 0.02 | 0.05 |

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

(b) Leave Encashment (unfunded):

The employees of the company are entitled to leave as per the leave policy of the company. The liability on account of accumulated leave as on last day of the accounting year is recognised [net of the fair value of plan assets as at the balance sheet date] at present value of the defined obligation at the balance sheet date based on the actuarial valuation carried out by an independent actuary using projected unit credit method.
