

STRAIGHT TALK CEO Speaks

Dear IRM Team,
Warm greetings to all!

As we step into October, the month brought festive joy and cultural unity across our GAs. The spirit of festivals, especially Navratri and Garba in Gujarat, brought vibrant energy and joy across our teams. Vishwakarma Puja and Ayudha Puja were celebrated with great enthusiasm and devotion, honouring the tools, equipment, and collective efforts that power our daily operations. The Navratri celebration at our Head Office further added to this spirit of togetherness, reminding us that shared celebrations strengthen our bonds as one IRM family.

On the operations front, with immense pride, IRM Energy celebrated the milestone of 50th CNG station in the Banaskantha GA and the commissioning of our 18th CNG station in Diu & Gir Somnath GA in the month of September. With this achievement, IRM Energy now operates 115 CNG stations across India, reinforcing its steady growth journey. Such accomplishments reflect the organization's teamwork, commitment, and shared vision for a cleaner, sustainable future.

September was an eventful month marked by progress and recognition. It was a moment of great honour to have had the opportunity to address the Group Executive Symposium of the Oil & Gas Sector at the Petroleum Institute, Gurugram with a theme of "Propelling the Future: Group Synergy in an Era of Energy Evolution". This symposium brought together 50+ CEOs and CFOs, along with senior policymakers, industry veterans, and academicians. My session on "Sustainability and the Future of Natural Gas in a Decarbonizing World" was met with appreciation and reinforced IRM Energy's growing role in India's energy transition dialogue.

Our focus on safety, quality, and compliance remained strong during September, with successful completion of External T4S and IMS audits at Banaskantha, Fatehgarh Sahib, and Diu-Gir Somnath GAs, reflecting our adherence to regulatory standards. To enhance emergency preparedness, hospital tie-ups were established in DGS and Namakkal-Trichy GAs. The HSE Web Portal recorded 121 clicks and 44.57% participation in the monthly Safety Quiz. All employees are encouraged to make active use of these platforms to further strengthen our safety culture.

Our belief that "beyond energy lies empathy" was beautifully reflected through initiatives that strengthened our bond with the community and the environment. During the Bhadarvi Poonam Mela, our team at Banaskantha organized a Seva Camp at CGS, extending care and hospitality to over 5,000 devotees visiting the sacred Ambaji Temple, exemplifying our values of compassion, community, and service. Carrying forward the same sense of compassion and responsibility, a Plantation Drive at CGS, Diu & Gir Somnath reaffirmed our commitment to environmental sustainability and our vision of a greener, cleaner tomorrow.

Looking back to every achievement, be it in operations, safety, community engagement, or celebration, reflects the strength of our collective purpose and the dedication of every individual at IRM Energy.

Let me leave you with this thought:
"Great achievements are born from the strength of unity, the courage of purpose, and the spirit of service."

As October brings the celebrations of Diwali, may the festival of lights fill our lives with happiness, unity, and inspiration for the months ahead. Let us carry this energy forward as we continue our journey towards a cleaner and more sustainable future, together.

Wishing you and your families good health, happiness, and continued success.

Warm regards,
M. K. Sharma
Chief Executive Officer
