CHANDRASEKARAN BECAME THE CHAIRMAN OF TATA SONS IN 2017 AFTER CYRUS MISTRY’S EXIT

Tata Trusts to meet on August 13; Chandra’s term renewal in focus

George Mathew
Mumbai, August 10

THE TATA Trusts board is scheduled to meet on August 13 to consider and approve the accounts and other matters ahead of the Tata Sons annual general meeting (AGM) on August 18, with the renewal of N Chandrasekaran’s tenure as chairman expected to be a key issue. The Trusts have also approached the Maharashtra Charity Commissioner seeking a one-time waiver to enable trustees of the Sir Ratan Tata Trust (SRTT) to hold a meeting and consider its accounts and other matters. The move assumes significance as the SRTT is currently restrained from holding meetings, creating uncertainty over its proposed grants of around Rs 400 crore as well as its Tata Sons dividend. The SRTT could also face difficulty in exercising its voting rights at the Tata Sons AGM on August 18 unless it obtains approval from the Charity Commissioner. The issue has added another layer of uncertainty to the crucial shareholder meeting. At the Tata Sons AGM on

August 18, shareholders are expected to consider the reappointment of Chandrasekaran as a director. His current tenure as Executive Chairman of Tata Sons ends in February next year. Any decision on extending his tenure is expected to require the backing of the Tata Trusts, the principal shareholders of Tata Sons.

Tata Trusts did not respond to a mail from *The Indian Express*.

The August 13 Trusts meeting, is therefore, likely to be significant in determining the Trusts’ position on Chandrasekaran’s continuation, said a source in the Tata group.

Chandrasekaran’s extension faces hurdles

On February 24, the outcome of the board meeting of Tata Sons was unusual as Noel Tata surprised other directors, raising questions on losses made by several unlisted companies in the \$180 billion group.

While the extension of Chandrasekaran for a third term of five years was agreed upon earlier by Tata Trusts trustees, Noel Tata proved to be a tough task master, raising several queries at the board meet-

ing and putting across several conditions for approving another term for him. Four Tata Sons directors were in favour of extending the tenure and were ready to put the issue on vote, but Chandrasekaran proposed postponement of the decision because he felt that the decisions in Tata Sons should be consensus-based, a tradition followed by late Ratan Tata. In short, he wanted the approval of Noel Tata for the extension.

Chandrasekaran, 63, became the chairman of Tata Sons

tioning of the SRTT board. The Maharashtra Charity Commissioner is expected to hear the Trusts’ response to various complaints before the Tata Sons AGM.

Mistry challenges trustee appointments

The governance dispute came into sharper focus in May, when Srinivasan and Singh were not reappointed as trustees of the Tata Education and Development Trust, a comparatively smaller entity within the Tata Trusts group. Mistry voted against their reappointment, while Singh voted in favour of Srinivasan and Srinivasan voted in favour of Singh. Under the trust’s rules, however, reappointment requires unanimous approval, resulting in their terms not being extended.

On May 15, the Tata Trusts indefinitely deferred its board meeting scheduled for May 16 following an order from the Maharashtra Charity Commissioner. The order referred to representations or complaints made by Tata Sons director and Tata Trusts trustee Venu Srinivasan and advocate Katyayani Agrawal. **FULL REPORT ON WWW.INDIANEXPRESS.COM**

Govt got Rs 10,000 cr in under 3 months from gold duty hike

Siddharth Upasani
New Delhi, August 10

THE CENTRAL government has collected Rs 10,040 crore as revenue just from gold bought from abroad after it raised the customs duty on the yellow metal on May 13. Minister of State for Finance Pankaj Chaudhary informed the Parliament on Monday.

The revenue was collected from May 13 to August 2. A further Rs 328 crore was collected from silver imports and Rs 95 crore from platinum purchases from overseas.

All in all, Rs 10,463 crore has been collected as revenue by the government from the import of gold, silver, and platinum between May 13 and August 2. To put this number in perspective,

The government collected Rs 10,463 crore in revenue from gold, silver and platinum imports between May 13 and August 2

the Centre’s overall customs duty revenue in May-June was Rs 40,317 crore, up 42% year-on-year, latest data shows.

On May 13, the government hiked the customs duty on gold and silver imports from 5% to 10%, and Agriculture Infrastructure and Development Cess (AIDC) from 1% to 5%, taking the total effective import duty to 15%. The effective im-

port duty on platinum was also increased to 15.4% from 6.4%. Further, the import duty on gold and silver findings was also raised to 5%, with platinum findings attracting a duty of 5.4%.

Findings are small components such as hooks, clasps, clamps, pins, and screws used to hold the whole or a part of a piece of jewellery in place.

Finally, a 3% IGST will be payable on all imports of precious metals in addition to the basic customs duty and AIDC.

Gold is one of India’s major imports and amounted to \$72 billion in 2025-26, up 24% from the previous year. In January 2026, for the first time ever, Indians invested more in gold Exchange Traded Funds than equity mutual funds. **FULL REPORT ON WWW.INDIANEXPRESS.COM**

Apr-Jun unemployment at 5.4%, highest in 4 quarters

Shubham Rana
New Delhi, August 10

INDIA’S UNEMPLOYMENT rate for people aged 15 years and above rose to a four-quarter high of 5.4% in April-June 2026, with joblessness rising in both rural and urban areas, data released by the Ministry of Statistics and Programme Implementation on Monday showed. The rise in unemployment was broad-based, with the highest rate of joblessness seen among young females, especially in urban areas.

On average, 566 million persons aged 15 years and above were employed in the country during April-June, of which 402 million were male and 164 million were females.

The unemployment rate was up from 5.0% a quarter ago and the highest since April-

June 2025, when it was 5.4%. The rural unemployment rate rose to 4.8% in April-June from 4.3% a quarter ago, while the urban unemployment rate inched up to 6.7% from 6.6% in January-March.

The female unemployment rate rose to 5.7% from 5.3% a quarter ago, while for men it increased to 5.3% from 4.8% in January-March. Female youth unemployment jumped to a series-high of 19.6% in April-June from 17.7% a quarter earlier.

Youth unemployment — for those aged between 15 and 29 years — jumped to 15.9% in the first quarter of 2026-27, the highest in the current Periodic Labour Force Survey series, which has data from April-June 2025. Youth unemployment was 15% in January-March and 14.6% a year ago. **FE**

Paytm shares soar 10%, Bernstein raises price target amid MDR talks

Nameera Anjum
New Delhi, August 10

SHARES OF One97 Communications Ltd, the parent company of digital payments major Paytm, jumped over 10% on Monday on the NSE, hitting a fresh 52-week high, after global brokerage Bernstein maintained its ‘outperform’ rating on the company and raised its price target sharply to Rs 2,200 from Rs 1,500. This implies an upside of nearly 40% from current levels.

The brokerage cited the impact of a potential Merchant Discount Rate (MDR) on UPI transactions from FY28 as a key factor behind its decision, although it warned that competitive intensity in merchant acquiring could increase further once the MDR kicks in. This could lead to realised economics being lower than published rates. Bernstein expects an MDR fee could lift Paytm’s net payments margins by 3-4 basis points, which could drive a 30% increase in the company’s earnings per share for FY30 compared to its previous forecasts.

One97’s stock opened higher at Rs 1,445 on Monday and touched an intraday high of Rs 1,598.5. It closed at Rs 1,584.1, up 9.9% from Friday’s close of Rs 1,441.6. Other fintech players such as One Mobikwik Systems Ltd also surged 3%, followed by Avenues AI Ltd, formerly known as Infibeam Avenues Ltd, which was up 2%.

Paytm is the third-largest app in terms of the number of UPI transactions it handles. In June, it handled 1.8 billion UPI

transactions worth a total of Rs 1.9 lakh crore. However, it was way behind top-ranked PhonePe (10.5 billion transactions) and second-placed Google Pay (7.4 billion transactions).

UPI transactions have not faced any MDR so far. But to help with the costs of running the payments infrastructure, the government has been subsidising UPI payments of up to Rs 2,000 made to only small merchants. However, this incentive is capped at 0.15% of the transaction value and is shared between banks, payment service providers and third-party app providers.

The Centre paid out Rs 8,730 crore under the incentive scheme from 2021-22 to 2024-25. However, this was only 11% of the cost incurred by the payment industry.

In April-June, One97 posted a profit of Rs 212 crore, noting that its Payment Processing Margin had “structurally improved” to over 4 bps due to higher growth in profitable MDR-bearing instruments such as credit cards on UPI and credit line on UPI (Postpaid), among other factors.

“With relation to MDR on UPI, we only have one line to say — we want both MDR and non MDR paying merchants to benefit. Our line won’t change materially. Whatever will come will come in the bottom line and whatever will come will be good. So that’s it. There is no obligation in the business model,” Founder and CEO Vijay Shekhar Sharma had said in a post-earnings call. **FULL REPORT ON WWW.INDIANEXPRESS.COM**

Govt plans child labour survey, Parliament panel seeks impact of welfare schemes

Siddharth Upasani
New Delhi, August 10

THE CENTRAL government is planning to conduct a National Child Survey, with the Ministry of Statistics and Programme Implementation (MoSPI) having begun discussions with the Ministry of Women and Child Development (MoWCD).

According to the 42nd report of the Standing Committee on Finance, tabled on Monday, the survey hopes to “map the needs of children under Mission Vatsalya, specifically focusing on children in need of care and protection and juveniles requiring legal and social rehabilitation”. Formerly known as Integrated Child Protection Scheme, Mission Vatsalya focusses on child rights, advocacy, and awareness as well as strengthening of the juvenile justice care and protection system.

In its report, the Standing Committee on Finance noted that while a robust legal framework exists, “the abolition of child labour remains a complex challenge”, with coordination gaps and absence of updated data being key obstacles. As such, the committee has called on MoSPI and MoWCD to “move beyond the discussion stage” regarding the survey. Specifically, the survey must capture data on children working in the informal sector, street children, and out-of-school children, the committee said. **FULL REPORT ON WWW.INDIANEXPRESS.COM**

RP-Sanjiv Goenka Group buys ReNew Solar Power

Mumbai: The RP-Sanjiv Goenka Group (RPSG) on Monday announced that Purvah Green Power Pvt Ltd, CESC Ltd’s renewable energy platform, is set to acquire a 1.4 GWp operating solar portfolio from ReNew Solar Power Pvt Ltd for an enterprise value of Rs 4,859 crore. The portfolio is spread across six special purpose vehicles in Rajasthan and Karnataka.

ReNew Power Group was founded by Sumant Sinha, son of former Finance Minister Yashwant Sinha.

The acquisition has been funded by CESC. “The transaction is among the largest acquisitions of operating solar assets in the Indian market and marks a decisive shift in the composition of Purvah’s portfolio — from a platform built primarily on projects under development to one anchored by assets already generating contracted cash flows,” CESC said in a statement.

The acquired assets are operational projects with an established generation track record. Over 90% of the capacity is contracted with the Solar Energy Corporation of India (SECI) under long-term power purchase agreements, with the balance contracted with Karnataka distribution companies, it said. **ENS**

AMID ADANI’S AIRLINE INTEREST

AAI got request for cross-holding cap waiver, MoCA yet to consider

Sukalp Sharma
New Delhi, August 10

THE GOVERNMENT on Monday said there was no blanket policy restricting airport operators from holding substantial equity in airlines, although cross-holding restrictions are part of contracts for some airports operated by private sector players. It added that the state-owned Airports Authority of India (AAI) had received a request seeking a waiver of the cross-holding cap provision, but the matter is yet to be examined by the Ministry of Civil Aviation (MoCA).

The comments, which were in response to a question from CPI(M) MP John Brittas, come close on the heels of reports that the Adani Group, which operates eight airports, had sought

relaxations from cross-ownership restrictions as it was evaluating participating in the airline business. On July 24, Adani group flagship Adani Enterprises had said that it was not evaluating any proposal to enter the airline business. The Adani group didn’t immediately respond to a request for comment following the government’s response in the Rajya Sabha today.

“There is no such Government Policy restricting operators of major airports from holding substantial equity in or operating scheduled airlines. However, the extant contractual agreements relating to some airports under Public Private Partnership contain certain restrictions on scheduled airlines and their group entities/associates from holding Equity Share of

the Concessionaires,” Minister of State for Civil Aviation Murlidhar Mohol said in a written response to Brittas’s question.

“Request seeking waiver of the relevant agreement provision has been received by AAI. The matter has not yet been examined by the Ministry of Civil Aviation,” Mohol added. Mohol didn’t name the Adani group, nor did Brittas in his question.

The Adani group operates eight airports in the country and has a major presence in other segments of the aviation sector, including ground handling, maintenance, repair and overhaul, and pilot training. The conglomerate also plans to set up an aircraft manufacturing facility in India in partnership with Brazil’s Embraer. **FULL REPORT ON WWW.INDIANEXPRESS.COM**
